Subject: Earth Day celebration – (Grade I – IX)

Dear Students,

Greetings from S.N.G.C.S.!

Earth Day has been observed on April 22 since 1970. The day is commemorated every year to highlight environmental issues. It aims to raise awareness among the masses about climate change and global warming. The official theme for **Earth Day 2025** is “**Our Power, Our Planet**”. It is immensely important to celebrate Earth Day each year because it recognizes the harm humans are capable of causing, while showing the massive support across the globe for protecting the Earth and the environment.

Keeping this in mind, the school has planned, to conduct special activities for Primary and Secondary section students.

The celebration will be conducted during the **first two periods** in class, on **Tuesday, 22nd April 2025**.

Parents are requested to note the following:

Grade	Activity
I-III	Theme: Introduction to Nature & Responsibility Nature Walk & Scavenger Hunt – Identify plants, insects, and birds. Plant a Seed – Each student plants a seed in a cup and takes care of it.
IV-V	Theme: Learning About Impact & Action GRADE 4: DIY Bird Feeder or Bug Hotel – Use recycled materials. GRADE 5: Water Filtration Science Experiment – Simple and hands-on.
VI-VIII	Theme: Critical Thinking GRADE 6: Up-cycling Workshop – Turn old clothes into bags, or bottles into planters. GRADE 7: Environmental Debate – Topics such as “Should plastic be banned?” or “Nuclear vs. Renewable Energy”. GRADE 8: Group research and presentation on topics including Earth’s formation, Antarctica’s significance and current environmental challenges.
IX	Theme: Earth & Nature Host an Earth Day rally or event where students can share their environmental awareness messages and pledges.

NOTE:

- Please carry the required materials based on your class activity.

We look forward to enthusiastic participation from all classes.

Warm regards
Deepa Jayaroy
Principal
