VISION

Our vision is to lead students think critically and creatively, accept challenges and adapt to changes, develop urge to learn at every phase of life and instill in them empathy towards living beings, sensitize them about environment, and consider themselves as global citizens.

MISSION

- We are committed to:
- Use an amalgam of exigent scholastic and co-scholastic activities to promote critical thinking
- Provide opportunity to peep within and tap their creativity.
- Prepare them to face the challenges of life by instilling in them the fact that every problem has a solution.
- Make our students realize that every experience is an opportunity to grow, winning or losing is secondary.
- Inculcate SNGCians with kindness and a sense of care towards all living beings, refrain from destroying the environment.
- Widen the horizons of our students so that they identify themselves as a part of the emerging world community and contribute in building up a harmonious world.

THE KEY VALUES WE EMPHASISE ON :

- | | |
|----------------------|------------------------------|
| • Compassion | • Forgiveness |
| • Honesty | • Integrity and peace within |
| • Hardwork | • Trust |
| • Respect for others | • Responsibility |
| • Co-operation | • Commitment |

WHY SNGCS

Holistic Approach to Academics

Teaching and Learning Process catering to every student's intellectual, emotional, social, physical, artistic, creative and spiritual potentials.

Develop Academic Skills

Academic skills like Time Management, Prioritization, Co-operative learning, Research and Analysis would help students to manage their workloads and work effectively and efficiently.

Emphasize on Creativity

Classroom environment provides students freedom of expression, emotional development; enhance thinking capability, boosts problem solving ability.

Grooming through Art Education and Performing Arts

Help students to develop their motor skills and be more expressive.

Fostering Health

Physical education to teach the students to improve the quality of their life

Nurturing Community Feeling

School as a community would help students share their visions, common purposes, fostering diversity, openness to the world.

CO-CURRICULAR ACTIVITIES

- Contemporary Dance
- Karate
- Badminton
- Basketball
- School Band
- Vocal music
- Instrumental Music
